

## SBA-Approved Small Business and Mentor-Protégé Program Joint Venture

Providing specialized management, consulting, and technical services

The TriEco-Tetra Tech Joint Venture was formed between TriEco, LLC, and Tetra Tech EM Inc. under the U.S. Small Business Administration's (SBA) Mentor-Protégé Program to provide innovative, comprehensive environmental and engineering services to the federal government. The TriEco-Tetra Tech team offers a history of excellent performance and the capacity to provide specialized skills and vast resources while supporting the small business contracting goals of the federal government.

### Benefits of Contracting with TriEco-Tetra Tech Joint Venture

- ◆ Highly qualified and skilled professionals with 40 years of proven technical and engineering excellence.
- ◆ A team with expertise, financial stability, and vast skill sets of a large corporation combined with the cost benefits, flexibility, and responsiveness of a small business.
- ◆ A unique small business partnership that specializes in identifying, recommending, and executing innovative solutions while working seamlessly and economically, and with safety and security as its foundation for your success.
- ◆ The ability to meet your sole-source, set-aside and/or competitive small business goals by using TriEco-Tetra Tech as your SBA Small Business Enterprise, Mentor-Protégé Partnership.

### TriEco-Tetra Tech Joint Venture Services

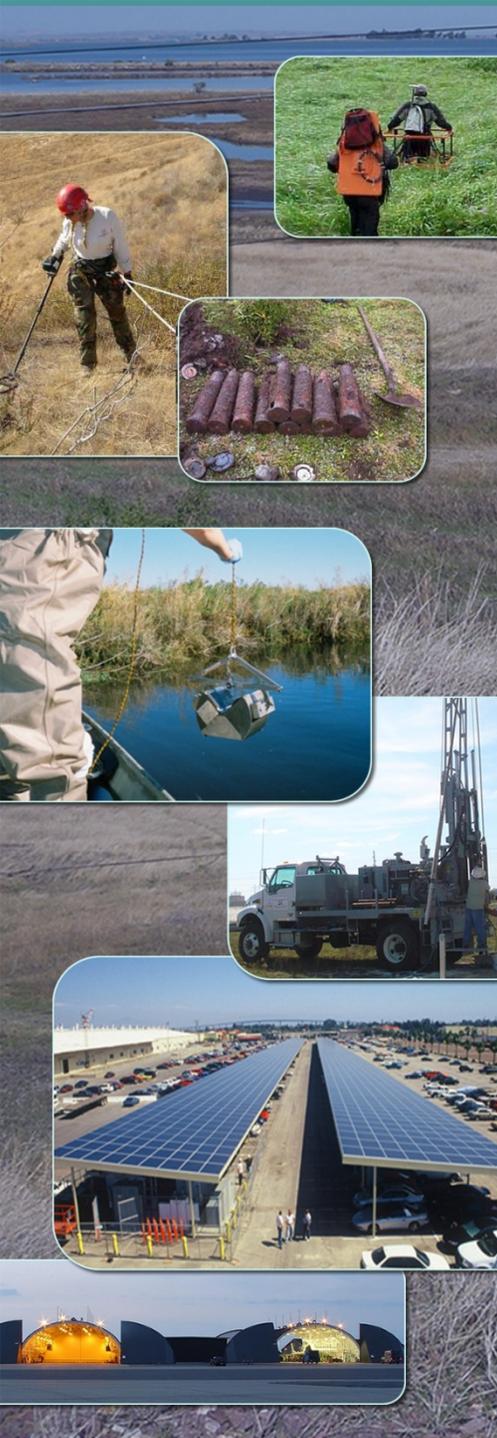

The objective of the joint venture is to provide the federal government a broad range of technical services, including:

- ◆ Environmental Services
- ◆ Architect and Engineering Services
- ◆ Construction and Construction Management
- ◆ Munitions Response Program Services
- ◆ Energy Efficiency Management

SBA-approved Mentor-Protégé Program partnership  
Certified small business under 13 CFR 121.103h(3)iii

# SBA Approval of the TriEco-Tetra Tech Joint Venture

Code of Federal Regulations, Title 13, Part 124.520

In 2006, the U.S. SBA admitted TriEco and Tetra Tech into its Mentor-Protégé Program under the Code of Federal Regulations (CFR), Title 13, Part 124.520. The Mentor-Protégé program is offered under the 8(a) Business Development Program to enhance the 8(a) company's capability to successfully compete in federal government procurements. The mentor firm (Tetra Tech) and the protégé firm (TriEco) entered into a written agreement outlining the services provided. SBA approved the agreement and monitors the success of the relationship. TriEco-Tetra Tech is qualified as a small business under 13 CFR 121.103h(3)iii. TriEco-Tetra Tech also is registered in the Department of Defense Central Contractor Registration.

## About TriEco

TriEco, LLC, is a SBA-certified 8(a) Small Disadvantaged Business and a Minority Business Enterprise engaged in environmental consulting and remediation as its primary business. TriEco maintains a Radioactive Materials License and also is a certified asbestos and lead-based paint remediation company. As a prime Department of Defense contractor, TriEco recently and successfully completed an unexploded ordnance (UXO) and range management joint venture contract on Vieques Island, Puerto Rico.

"TriEco was able to support NAVFAC Atlantic's Vieques Restoration Program in reducing explosive and environmental risks at the Former Vieques Naval Training Range by delivering an exceptional, high quality product within budget and ahead of schedule during the implementation of the munitions response actions for the TCRA at the Live Impact Area."

- Christopher Penny, NAVFAC Atlantic

"TriEco's on-time and on-budget services were instrumental in SulTRAC being able to deliver the project 10% under budget despite changes in field conditions. TriEco's approach to change management and their ability to provide value-added technical solutions were crucial in the success of the RA at the LPI Adjacent site."

- Jeff Bierbrodt, Project Manager, SulTRAC

## About Tetra Tech

Tetra Tech is a full-service, multidisciplinary science and engineering firm focused on providing cost-effective solutions to environmental challenges facing its customers. Identifying and developing cost-effective solutions that meet regulatory guidelines are the core of the company's mission. Tetra Tech is publicly owned (NASDAQ symbol: TTEK) with more than \$2.2 billion in revenues in fiscal year 2010 and more than 12,000 employees located in 330 offices.

Tetra Tech brings a 40-year history of successfully solving challenging environmental problems for its customers. During the past 5 years, *Engineering News Record* has consistently ranked Tetra Tech as one of the nation's Top 10 environmental and design firms.

### Engineering News Record Rankings

In 2010, among top U.S. environmental and engineering firms, *Engineering News Record* ranked Tetra Tech as:

- #1 Environmental Management
- #1 Water
- #1 Transmission Lines and Aqueducts
- #1 Treatment and Desalination
- #1 Energy - Wind Generation
- #2 Site Assessments and Compliance
